

Our Trust, Our Future

OVER THE NEXT YEAR, WE'LL BE WORKING WITH BASIN RESIDENTS TO DISCOVER HOW WE MIGHT BETTER SERVE YOU AND YOUR COMMUNITY INTO THE FUTURE.

Help Shape Our Role in the Basin

OVER THE PAST 20 YEARS, we've been continually evolving our approach to how we support people and communities to enhance the well-being of this region. It's your input that helps provide direction and guidance on how we deliver on this mandate. In the next three to five years, we expect our revenues to double to \$55 million. This represents an opportunity to take a look at how we can best support your efforts now and in the future.

This fall we've embarked on a Basin-wide public engagement process called "Our Trust, Our Future." It's a chance for us to connect with you, reflect on and celebrate our collective accomplishments and move forward on the input you may have provided to us in the past.

The information we gather through these conversations will be used to shape the future direction of our organization, including:

- renewing our strategic priorities
- creating plans that outline how we will take action.

Have your say by participating at a community workshop or online at our interactive engagement site. See the next page for the many ways to participate.
