LIQUOR LICENSE

Occupancy Load Increase
Rossland Beer Company

What is the Liquor License Amendment about?

Rossland Beer Company is applying to the Liquor and Cannabis Regulation Branch for a structural change with an increase to the occupancy load for the brewery located at 1990 A Columbia Ave. The structural change will allow the Brewery to increase the occupancy permitted on the premises from **44 - 69 people**. The operating hours remain the same - 9am – 11pm, Monday – Sunday. As part of the approval process, Rossland City Council must consider the following:

- The potential for noise if the application is approved.
- The impact on the community if the application is approved.
- The input of the residents.

Questions or Comments?

If you wish to have your submission or public feedback forwarded to Council, email planner@roslland.ca or council@roslland.ca. Written submissions can be left in the drop box located at City Hall until 5:00pm on Tuesday, May 19, 2020.

The Council meeting will be webcast at <http://www.roslland.ca/council-meeting-webinar-2020-05-19>
