

Rossland Action Plans Open House

Monday March 14th, 5:00 pm - 7:00 pm
Old Firehall, 2115 Queen Street, Rossland

Join Selkirk College's Integrated Environmental Planning Program's Class of 2016 and contribute to the preparation of our Rossland Action Plans. These plans are intended to help the City of Rossland and its citizens further many of the goals outlined in Rossland's Strategic Sustainability Plan and Official Community Plan.

Topics Include:

Non Timber Forest Products

Wildlife Management

Complete Streets

Landscape Ecology

Community Parks

Edible Landscapes in Public Spaces

Renewable Energy

Trail Creek

Affordable Housing

Food Security

Urban Forestry

Street Lighting

Mined Sites Management

Air Quality

Neighborhood Planning

Heritage Building Conservation

Wildlife Habitat Restoration

Natural Areas Management

This meeting is an opportunity for Rossland residents to familiarize themselves with these plans and provide valuable input.

Refreshments and snacks will be served.

For information about the plans and the open house please contact Selkirk instructor Peter Holton, pholton@selkirk.ca (250) 354 3559.
