

WINTER IS COMING...

In preparation for winter snow removal, please ensure all alleys and **boulevards are clear** of vehicles / trailers / boats / campers / rocks / wood piles or any other items that could damage snow removal equipment to prepare for winter snow removal.

If you place tarps on your lawn, **DO NOT** use rocks or bricks to hold down as they get caught in city equipment. Please use tent pegs or wooden stakes and hammer flush into ground.

We will be **tagging / ticketing / towing / removing** any vehicles or items that are not removed from the boulevard by the end of October.

WATCH: for “**No Parking Snow Removal**” signs and have vehicles removed from streets before 6 am or they will be ticketed or towed. If you see the grader or blower coming down the street, please move your vehicle out of the way so we can clear the roads properly.

Temporary shelters/garages **MUST** be behind your property line and **NOT** on City boulevards or streets.

REMEMBER: Vehicles **MUST** be moved on city streets every 24 hours. If you see snow removal equipment working on a street, please avoid driving through for your safety and the safety of the operator.

*Please **DO NOT** push any snow onto roads or alleys that are cleared by plows. Snow is to be shoveled onto the home owners' property. This is for the safety of all drivers.*

The City crews appreciate the effort put in by all residents to keep the boulevards clear and thank you for removing vehicles from the street when you know the plow is coming around.

Check the City website to review the snowplowing policy and the schedule for your street.

PLEASE HAVE PATIENCE AS WE HAVE A NEW CREW THIS WINTER THAT WILL BE LEARNING SNOW REMOVAL ROUTES.

THANK YOU VERY MUCH FROM YOUR NEW SNOW PLOWING CREW!!!

If you have any concerns regarding items on the boulevard, please contact Public Works @ 250-362-2328 or email leigh@rossland.ca
